—There is some talk of establishing a prohibition newspaper in Logan. Logan, for its size seems to have remarkable newspaper fertility.

New Lexington is a pleasant three hour drive from Logan, and the spirit of reciprocity should take a large delegation across from our City. For particulars address Jas. E. Curran Sect.

She came to Hocking County with the pioneer colony of Catholics from the Rhine provinces nearly sixty years ago, her parents being among the foremost in building the little church and planting in deep foundations the piety and fervor and christian zeal which has been the noble characteristic of the generations of Marion Township succeeding. OHIO STATE FAIR.

AND INDUSTRIAL EXHIBITION.

TO BE HELD AT COLUMBUS, SEPT. 3, 4, 5, 6 AND 7.

Attracting Attention From Every Direction, and the People Preparing to Attend What Now Promises to be a Grand and Glorious Event.

Interspersed With Many New and Novel Features and Special Attractions to Which the Railroads Have Arranged for Special Low Rates for all the People.

The Ohio state fair and industrial exposition does not belong to the standard class of enterprises or institutions. Its managers contrive to make each succeeding fair an improvement over the former by providing for the newest and best exhibitions in the various departments of live stock, farm and horticultural products, manufactures, merchandise, art, music, etc., and by introducing new features and special attractions to interest, instruct and please the people and to generally enliven the occasion.

To a greater degree than usual will the exhibitions be improved and added to this year. Many exhibits have been secured and provided for in the spacious buildings that are entirely new and out of the ordinary line of fairs and exhibitions. Among the striking and peculiarly interesting new exhibits will be the show made by Ohio at the Columbian exhibition at Chicago. Under an act of the general assembly the Ohio commissioners of the world's Columbian exposition were directed to return to Ohio at the close of that exposition and place on the Ohio state fair grounds the buildings, booths, cabinets, showcases, stands, fixtures, etc., with the exhibits representing Ohio. This has been done, and the Ohio exhibit as made at Chicago has been reproduced for exhibition at the state fair of 1894. These special exhibits will prove an interesting feature, especially to those who did not have the pleasure or opportunity of seeing Ohio at the world's fair last year.

Since the last fair many improvements have been made for the arrangement and display of exhibits in the several buildings, so that the whole will appear in new dress and attractive form. In the live stock department several new classes have been provided. The most pleasing to ladies and children will be ponies, pony turnouts, single and double, and the pony races. In the speed department in addition to the usual trotting and pacing races, the board has added jumpers to the list, and each day there will be exciting running races, in which many horses of note will start.

As if all these exhibits and attractions were not enough to keep the visitor busy in sightseeing, still another special attraction, a very exciting one, has been arranged for—a great foot ball tournament, to be participated in by Ohio college teams and continuing three days. Now here is an opportunity for visitors to the state fair to get a knowledge of the popular college sport or game so universally discussed at the present time. The order of playing will be as follows: Wednesday, September 5, the Ohio State University team of Columbus against the Buchtel College team of Akron; Thursday, September 6, the Denison University team of Granville against the Miami University team of Oxford; Friday, September 7, the State University team of Columbus against the Wittenburg College team of Springfield, O. The games will attract widespread attention, as it is the first series of the kind given in the state.

The board will continue the open air concert feature, for which the best musical talent of the state has been secured. It is only necessary to mention that among the bands secured as having a national reputation are the Seventy-fourth Regiment, the Pugh Vidette and the Big Six. These, with many bands of less note, will make music a decided feature.

Low railway rates and cheap excursions will be the rule over all lines leading into Columbus or connecting therewith and ample provision will be made for the accommodation of all visitors to the fair and the capital city. Attractions and amusements will be the order throughout the entire week and everyone visiting the fair will find much to attract and something peculiar to his liking and a general season of recreation and enjoyment afforded by the exhibition, the special attractions, the high order of amusements and the beautiful park grounds upon which all is to take place the week of September 3-7, 1894.

—The public will be pleased to know that John Hudson has purchased the stock and fixtures of the meat store of the late Geo. Heine, and will continue the business at the old stand. He thanks the many patrons of the place for their liberal patronage and solicits a continuance of the same and promises them fair dealing and courteous treatment.

St Joseph's Picnic.

The Picnic at St. Joseph is announced for the 21st, and promises to be as always has been, a pleasant reunion of friends from Perry and adjoining counties. On former occasions, many of our Logan people have attended these social festivals and have always had a delightful day. This year the invitations to come up are as cordial and the entertainments offered are as attractive. The ride across the country is through the garden of southern Ohio.

The people or the road are kith and kin, and their greetings a cheer to the traveler on his journey and the going and coming makes all the day long, a picnic.

MURDER AT RENDVILLE.

Saloonist Killed by a Drunken Miner From Corning.

Zanesville Sunday News.

Stottler was in bed and his wife was in the saloon when he entered in an intoxicated condition. She ordered him out and when he refused she called her husband. He came out and ordered him away. He turned to go back in the room and Napier shot him in the back.

REGIMENTAL REUNION.

The 62nd O. V. I. will hold a Regimental reunion in Logan, on Sept. 19th and 20th.

The 62nd was one among the most gallant regiments of the war and saw much service and was nearly cut to pieces in the memorable charge on Ft. Wagner where Col Steel was severely wounded.

Quarter Master, C. W. Clowe and Corporal W. S. Larimer will give the "Old Boys" a hearty welcome, and Dr. N. H. Blosser and comrades, Thos. J. Brown and J. T. McCormick will enliven the occasion with song and anecdote.

We hope the meeting will be one of great satisfaction and enjoyment.

OBITUARY.

Morgan Kanode was born July 23, 1813 near Hagerstown, Maryland and died August 12th, 1894, aged 81 yrs. and 19 days.

In the year 1844 he was married to Miss Della Taylor, then were born five children. Mrs. Kanode died April 25th 1854. February 17th 1856 Mr. Kanode married again to Eliza Croy, by whom he had six children.

Of the eleven children, six are living. Mr. Kanode was the last member of his father's family, all the others preceded him to the Spirit world. He was converted in early life, was baptized and united with the M. E. Church at Rushville, O. He never lost his love for Christ, relished God's Word, loved it above other books and had read it through three times.

In all his suffering he was resigned to the will of God, wishing for the time of his departure and ready to go when the Master called. When his companion a day or two before his death spoke to him of Heaven he said he would soon be with the angels, and could see them too.

When too weak to speak, and asked of his soul's welfare, he raised his hand heavenward as if to say 'depart with me as Christ is far better.' At six o'clock Sabbath evening his spirit took its departure.

There let our sorrows cease to flow. God has recalled his own, But let our hearts in every woe, Still say, "Thy will be done."

The funeral service took place at the M. E. Church in Logan, Ohio, August 13th, conducted by Rev. J. F. Williams and assisted by Rev. D. R. Moore of the Presbyterian church after which the remains were deposited in the old cemetery.

—Bishop Wattersons declaration against the Saloon has produced a sensation in church and social circles that is felt round the world. The Bishop presents no new dogmas, defines no new principle. He says in effect "the ordinances must be enforced." He recognizes the rum shop as the plague spot of our American civilization, and he proposes the respected organizations in his church shall not be tainted with its infection. In order that the reader may fully understand the position the Bishop occupies. We publish on the first page his statement in full as given to the world through the Associated Press.

Teachers' Institute.

Will be held in Logan, Aug. 20-31. The work will be conducted by Prof. Rayman, Filing and Bright.

Every teacher in the county should attend this meeting the full two weeks. The outlook is promising for success in every sense. Teachers should make this the most profitable meeting ever held in the county. Of course, none of Hocking County's Teachers will do like some teachers in other counties, attend the last one or two days, spend the rest of the time in kicking and say "It was just as expected, no account."

The success of any institute depends upon the teachers as well as upon the instructors. The best and most progressive teachers attend the Institute regularly. Do not complain that your wages are small and you cannot afford to attend: but come and you may learn how to have your wages increased.
